

Spring USA[®]

The Evolution of Intelligent Design[®]

What you know us best for...

Why Induction?

-  **Faster**- Rapid heat delivery with quicker recovery than gas & electric
-  **Precise**- Even heating; no hot spots. Adjusts automatically as food is added or subtracted
-  **More Efficient**- 50% more efficient than gas; Heats pans directly without losing energy into the air
-  **Cost Effective**- 90% less expensive than canned fuel! Save on air conditioning bill too
-  **Safer**- No open flame or hot coils; surface cool to the touch when pan is removed
-  **Cooler**- Low radiant heat keeps room cool; Heat stops when pan is removed
-  **Cleaner**- Sealed glass surface wipes easily. No stocking, spilling or disposing of canned fuel

Why Spring USA?

- ✓ One-Year Overnight Exchange Warranty
- ✓ Less than 1% failure rating
- ✓ Durable, reinforced, 5mm tempered glass- 25% thicker than competition
- ✓ Offer ranges with a non-stick, non-scratch & fingerprint resistant coating that won't rust, crack, chip or flake
- ✓ Only manufacturer to offer a range with edge-to-edge technology- reads multiple pans regardless of their position
- ✓ Smart Scan® technology adjusts electrical output for pan size and construction & instantly adapts to voltage fluctuations
- ✓ Spring USA was first to introduce induction to the USA and remains the leader today

PERFORMANCE.
RELIABILITY.
GUARANTEED.
REALLY!

NEW!

You can't stop mid-service.
Neither will our ranges.

Spring USA Induction Ranges have always been known for their quality & dependability.

The warranty is just bonus peace of mind:
